CARABOBO - VENEZUELA

Front-End Developer with expertise in React and Angular, specializing in dynamic interfaces, web optimization, and AI integration. Proven experience in ERP modules, legacy system modernization, and API-driven solutions. Core stack: React | Next.js | Node.js | Firebase | Tailwind CSS. Full-stack knowledge in PHP and SQL for scalable applications. Focus on clean code, performance, and intuitive UI/UX design.

## WORK EXPERIENCE

### FrontEnd Developer at Marxa Digital, Remote Mexico

August 2022 - December 2024

- Developed a loyalty module with smart appointment scheduling synchronized to customer registration dates.
- Redesigned web platform with mobile-first approach, improving load speed by 35% via lazy loading.
- Migrated CSS styles to Tailwind for component standardization and reusability.
- Integrated ChatGPT API for predictive sales analytics in Node.js.
- Refactored data processing module to support XLSX/CSV files.
- Implemented dynamic conversational chatbot using Botpress.
- Fixed critical bugs in key ERP modules, reducing system errors by 20%.
- Actively participated in Agile ceremonies (daily standups, sprint planning, demos).

Tech Stack : Angular · TypeScript · Tailwind CSS · Firebase · Node.js · REST APIs

### Full stack developer at Grupo kfc, Quito, Ecuador.

May 2019 - June 2020

- Developed automated printing module using optimized SQL queries and PHP server scripts.
- Complete redesign of the interface for the personnel management system (look and feel) to enhance usability.
- Upgraded reporting module with React, Node.js, and SQL to streamline report generation (partial implementation, project ongoing during my tenure).
- Created reusable stored procedures to support new system modules.
- Improved frontend-backend interaction through efficient SQL queries and data flow optimization.

Tech Stack : React.js · Node.js · PHP · SQL Server · JavaScript · Git

## SKILLS

Languages: Javascript - Typescript - Php - Sql - SCSS - HTML - CSS

Frameworks & Libraries: React - React Native- Redux - Next.js - Node.js - Api Rest - GraphQL - Angular - RXJS - Tailwind - Sass - Material ui - Angular material - firebase

Tools: Git · Figma · Firebase · REST APIs · ChatGPT · Botpress

## SOFT SKILLS

Team Collaboration · Problem-Solving · Adaptability · Agile Methodologies · Attention to Detail

## LANGUAGES

ESPAÑOL - NATIVO | ENGLISH - [B2](#)

## EDUCATION

National Experimental University of the Armed Forces (UNEFA), Venezuela

Systems Engineer | November 2010 - December 2015
